VisualTail Studio — Terms of Service

Effective Date: October 14, 2026
Last Updated: October 14, 2026

1. Introduction

Welcome to VisualTail Studio.

These Terms of Service ("Terms") govern access to and use of websites, software, digital services, and other services provided by VisualTail Studio ("we," "our," or "us").

By accessing our website, downloading or using our software, or using a service governed by these Terms, you agree to the applicable provisions below. If you do not agree, you must discontinue use of the relevant service.

Purchasing a physical product may also be subject to separate Terms of Sale, warranty terms, and product-specific conditions.

2. About VisualTail Studio

VisualTail Studio develops software, operating systems, physical products, and related technologies.

Our products and projects include, or may include as they become available:

- AirCell
- NeTouch
- NeoLost
- NRing
- Neo Magnet
- Neo Studio
- NeoOS
- HermesRouter
- MarsPrinter
- AeroPlay
- FlyWatch
- NovaShift
- NovaPad

Product availability, features, compatibility, and supported services may vary. A product's inclusion in this list does not guarantee that it is currently available for purchase or public use.

3. Eligibility

You may use our services only if you can legally agree to these Terms under the laws applicable to you.

If you are not legally able to enter into a binding agreement independently, you must obtain any required permission or involvement from a parent, guardian, or other legally authorized representative.

You agree to provide accurate information when required to access a service, make a purchase, or communicate with us.

4. Use of Our Website and Services

You agree to use VisualTail Studio's website, software, and services lawfully and responsibly.

You must not:

- Use our services to conduct illegal activities.
- Attempt to gain unauthorized access to our systems or another person's account or device.
- Interfere with the operation, security, or availability of our services.
- Distribute malicious software or use our services to harm others.
- Impersonate VisualTail Studio or misrepresent your relationship with our company.
- Use our services in ways that violate applicable law or the rights of others.

We may restrict or suspend access when reasonably necessary to protect our services, users, or systems, subject to applicable law.

5. Software and Digital Products

VisualTail Studio may distribute software, operating systems, development tools, games, and other digital products.

Unless separate terms state otherwise, downloading or using our software does not transfer ownership of the underlying intellectual property to you.

You may use software according to the license and conditions accompanying that software.

You must not claim ownership of VisualTail Studio's original software or branding, remove legally required notices, or redistribute our proprietary software in violation of its applicable license.

Some products may have additional terms governing installation, modification, distribution, compatibility, updates, or commercial use.

Where a separate software license conflicts with these Terms regarding the licensing of that software, the applicable software license will govern that specific licensing issue.

6. NeoOS and Other Operating Systems

NeoOS and other operating systems developed by VisualTail Studio are subject to the applicable software terms provided with each release.

You are responsible for checking device compatibility, backing up important information, and understanding the risks associated with installing or modifying an operating system.

Installation or use of an operating system may result in data loss, device incompatibility, or interruption of normal device functionality.

We do not guarantee that every release will support every device, application, peripheral, or hardware configuration.

Any restrictions on copying, modification, redistribution, or commercial use will be determined by the applicable software license and release-specific terms.

7. Intellectual Property

Unless otherwise stated, VisualTail Studio retains its rights in its original branding, logos, product names, proprietary software, website content, original designs, documentation, and other protected materials.

You may not use our trademarks, branding, or original materials in a way that falsely implies endorsement, affiliation, or ownership.

Nothing in these Terms transfers intellectual property ownership to you beyond rights expressly granted by an applicable license or written agreement.

Your own original content remains yours, subject to any separate agreement that you voluntarily enter into.

8. Physical Products

Physical products sold by VisualTail Studio may be subject to separate purchase conditions, warranty provisions, shipping policies, and return policies.

Product descriptions, specifications, availability, and prices may change as development progresses.

We aim to describe products accurately. However, development-stage concepts, prototypes, promotional materials, and planned features may differ from final released products.

A product announcement or concept does not constitute a guarantee that the product will be manufactured, released, or delivered by a particular date.

Your statutory consumer rights are not excluded or restricted by this section.

9. Orders and Payments

Where products or services are offered for purchase, the applicable checkout and purchase terms will govern the transaction.

An order may be subject to availability, payment authorization, shipping restrictions, and applicable law.

We reserve the right to correct pricing or listing errors and to cancel or refuse an order where legally permitted. If payment has already been collected for an order that is canceled, any required refund will be provided in accordance with applicable law and the applicable purchase terms.

Additional details concerning delivery, returns, refunds, and warranties may be provided in separate policies.

10. Third-Party Services

Our website, software, or products may interact with third-party services, websites, or technologies.

Those third parties may impose their own terms and privacy policies. VisualTail Studio does not control independent third-party services and is not responsible for their operation or policies, except where applicable law provides otherwise.

Your use of third-party services is subject to the terms that apply to those services.

11. Availability, Updates, and Changes

We may update, maintain, modify, discontinue, or replace features of our website, software, or services.

We do not guarantee uninterrupted availability or that every service will remain available indefinitely.

Software updates may introduce new functionality, modify existing features, address security issues, or change compatibility requirements.

Where a particular product or service has additional update commitments, those commitments will be governed by its applicable terms.

12. Disclaimers

To the extent permitted by applicable law, our website, software, and services are provided on an "as available" basis.

We do not guarantee that every service will be uninterrupted, error-free, compatible with every system, or free of all security vulnerabilities.

Nothing in these Terms excludes warranties or consumer protections that cannot legally be excluded.

Any express product warranty provided by VisualTail Studio remains subject to its own terms.

13. Limitation of Liability

To the maximum extent permitted by applicable law, VisualTail Studio will not be liable for indirect, incidental, special, or consequential damages arising from the use of our website, software, or services.

This section does not exclude or limit liability where such exclusion or limitation is prohibited by law, including applicable liability for fraud, intentional misconduct, or other non-excludable claims.

Nothing in these Terms limits statutory consumer rights or any liability that cannot legally be limited.

14. Suspension and Termination

We may suspend or terminate access to a service if you materially violate these Terms, misuse our systems, or create a significant security or legal risk.

Where appropriate and legally permitted, we may provide notice or an opportunity to correct the violation.

You may stop using our services at any time. Ending your use of a service does not automatically cancel separate purchase obligations or eliminate rights and obligations that survive termination under applicable law.

15. Privacy

Your use of VisualTail Studio's services is also subject to our Privacy Policy, which describes how personal information is handled.

The Privacy Policy should be read alongside these Terms. If a privacy-related matter is governed by applicable data protection law, that law takes precedence over any conflicting provision in these Terms.

16. Changes to These Terms

We may revise these Terms as our company, products, or services develop.

The latest version will display an updated revision date. Where required by law, we will provide notice of material changes or obtain any necessary consent.

Changes will apply as permitted by applicable law. They will not retroactively remove rights that cannot legally be taken away.

17. Governing Law

These Terms are subject to the applicable laws and legal requirements governing VisualTail Studio and the relevant transaction or service.

Any specific governing-law provision or dispute-resolution requirement will be stated here once the company's applicable jurisdiction has been confirmed.

Nothing in this section removes any mandatory legal protections available to consumers in their place of residence.

18. Severability

If any provision of these Terms is found to be unlawful, invalid, or unenforceable, the remaining provisions will continue to apply to the extent permitted by law.

19. Entire Agreement

These Terms, together with any applicable product terms, software licenses, purchase conditions, and policies incorporated into them, govern the relevant use of VisualTail Studio's services.

If separate written terms apply to a specific product or service, those terms will govern the subject matter they expressly address.

20. Contact Information

For questions concerning these Terms, contact VisualTail Studio through its official website or designated company contact address.
